

2017 IEEE/SICE International Symposium on System Integration (SII2017)

Special Session on “Service Robotics Category in World Robot Summit”

organized by

Principal Organizer: Prof. Kazuyoshi Wada k_wada@tmu.ac.jp
Tokyo Metropolitan University, Japan

Organizer1: Prof. Hiroyuki Okada, okada@eng.tamagawa.ac.jp
Tamagawa University, Japan

Organizer2: Prof. Kenichi Ohara, kohara@meijo-u.ac.jp
Meijo University, Japan

Organizer3: Prof. Makoto Mizukawa, mizukawa@sic.shibaura-it.ac.jp
Shibaura Institute of Technology, Japan

Call for Papers

The World Robot Summit (WRS) is a "Challenge and Expo" that brings together Robot Excellence from around the world, to promote a world where robots and humans successfully live and work together. The WRS will feature 1) World Robot Challenge (WRC) where robots will compete with one another and 2) World Robot Expo (WRE) where the latest robotic technologies will be exhibited. WRC has a total of 8 challenges at WRC in 4 categories (Industrial Robotics, Service Robotics, Disaster Robotics, and Junior). In this special session, we discuss Service Robotics Category and its related technology.

Topics of interest include, but are not limited to: Service Robotics

Submissions Procedure: All the instructions for paper submission are included in the conference website <http://www.sii2017.org>. A good quality paper may be considered for publication in IEEE Transactions on Industrial Informatics subjects to further rounds of review

Deadlines:

Reception of full paper:	June 30, 2017
Paper acceptance notification:	September 20, 2017
Camera ready paper reception:	October 20, 2017
